

Spiritualist Society of Burlington presents

UK MEDIUM

PHILIP DYKES

**Well-Respected Internationally Renowned Medium
Demonstrates and Tutors in Spiritualist Churches and Centres
Throughout the UK and Europe**

COMING TO SSB MARCH 20-28, 2018

Philip was born in a small Lancashire village in 1971. Despite being aware of the Spirit world from a very early age, it was not until 2005 when he walked into a National Spiritualist Church that he began to develop his mediumistic ability.

Early tuition from the renowned international Medium Paul Jacobs, at the world famous Arthur Findlay College left a profound impression on Philip, opening his mind to how Mediumship should be rationally delivered. The experience also highlighted the importance of a well-rounded mediumistic education, an ethic that Philip instills in his own students of mediumship.

Philip demonstrates with great joy, the intelligence of the Spirit world in the Spiritualist churches of the UK and Europe with a belief that a medium's work should be focused on presenting evidential, accurate information, reuniting spirit loved ones with their families.

Philip's work is predominantly in the spiritual Churches and Centres but to reach out to a wider audience he has worked on many popular radio stations over the years, supporting children's charities on media events.
